BOSS RULE LOSING ITS GRIP.

Politics, though always hot in September, hotter in October, hottest in November, seems to be already past the lukewarm stage. Things are in every part of the State warming up. A notable spirit of independence is manifesting itself in party ranks everywhere. The man who would vote for the proverbial yellow dog nominated by his party is harder to find than the saffron beast itself. Men are fortunately now doing their own thinking and the bosses are much perplexed. An independent voting class augurs glorious results for Kentucky. It means death and destruction, first of all, for machine rule in State, city and county.—Louisville Herald.

BREATHITT SHOULD BE REDEEMED.

One of our exchanges well says that civic pride is one of the most valuable characteristics a community can have. It is of value to a county as a whole and of benefit to every individual citizen. There is an election on in this county this fall which will decide whether this county will be a stronghold of civic freedom and progressive government or the citadel of civic corruption, ballot stealing and the misgovernment of the many by a few selfish citizens. When Breathitt county cuts loose from machine government it will be the greatest day in her history. Capitalists will look this way to see what we have to offer for their betterment.

We have coal, timber, oil, building stones, and many other things of great value, but if we have not good government and cannot guarantee protection to life and property capital will not come in, our forests will not resound to the woodman's ax, our mines will be idle, our mills shut down, and our farm products denied the sale they should have.

By this election not Breathitt county alone, but all Kentucky, will be judged. How important it is then that Breathitt county redeem herself. By redeeming herself she will honor all Kentucky.

We take off our hat to any man who rises above his party, be he Democrat or Republican. It is this kind of stuff in the man that makes for the country's good. Be an independent, free American citizen rather than a partisan; stand for character rather than for your party. Be a Democrat or a Republican, but be a man with either—Breathitt News, (Dem.)

LIBEL SUITS.

The average juror, says the Santa Rosa (California) Press-Democrat, is very apt to hesitate about bringing in a verdict for damages against a reputable newspaper on account of anything that has appeared in its news columns.

Most people know that no newspaper worthy as being classed as such purposely misstates facts. Every possible effort is made to publish the news as it happens, and where this is not done it is seldom if ever the paper's fault.

Unless malice can be shown, which is not often, the man contemplating a damage suit against a newspaper of any standing will generally find himself far better off in the end if he will keep his money in his pocket and not allow his revenge to get the better of his judgment.

Newspaper publishers are not in the business for the purpose of libeling people. Mistakes of judgment as well as of fact occur in newspaper offices occasionally, as well as anywhere else, but they are never intentional and most papers are only too glad to right a wrong that has been done anyone through their columns when their attention has been called to the matter.

The average citizen when called upon to act as a juror in a newspaper libel suit generally thinks of these things, even if the man who brings the suit does not, and for that and other reasons such actions seldom if ever result successfully for the party bringing them.

WILL YOU HELP US?

Our subscribers have helped us to make THE NEWS what it is, and have made our subscription list the largest in Eastern Kentucky for the past three years.

Now, we want to add 1,000 new subscribers to our list during the month of August, which can be easily done if our present subscribers will help us. We want to help them in return. We make the following offer: Until September 1st:

To each one of our subscribers who will secure a new subscriber and send us one dollar we will mark his subscription up one year, or to each one of our subscribers who renews his subscription we will send THE NEWS to any friend he chooses until January 1st free.

This offer will be withdrawn after September 1st. We hope each one of our subscribers will take advantage of this liberal proposition and help us to make THE NEWS better and better each week.

BEATTYVILLE.

J. M. McDaniel, of Lexington, was in the city Monday.

R. M. Daugherty is selling out his stock of goods and he will go to Florida, we are informed.

Presley Thomas sold his farm on the South Fork to R. H. Crook for \$500, cash. Mr. Thomas is talking of going West.

Dr. A. B. Hoskins, of Pineville, has located here and will open his office in a few days in rooms adjoining Thomas Pryse's drug store on Main street.

Jesse Thomas, who was struck with a stove at the mill of Swann Day Lumber Co. some days ago, is still confined, with some prospects of recovery.

Henry Plummer has purchased from R. M. Daugherty the celebrated peanut roaster and will at once open a peanut store at his place of business.

Daniel Hall, a farmer on the South Fork, in this county, came into town Tuesday with a wagon load of fine melons. Dan is a prosperous farmer.

The Beattyville boys went to Booneville Sunday to play ball with the Booneville team. We have heard very little said by them since their return in regard to the game, but from what we can learn the boys got beat 13 to 15.

Monroe McGuire, assistant cashier of the bank here, will go to Dover, Ark., in a few days, where he will become cashier of a new bank at that place, which will begin business September 1st. Mr. McGuire is a nice man and has many friends here.

The eleventh annual session of the State Council of Kentucky Order United American Mechanics will be held in Beattyville, Ky., on September 1st and 2nd. The largest number of delegates is expected on the occasion.

NOTICE TO VOTERS.

To the Voters of Magisterial District No. 1, Breathitt County: After continuous solicitations by my many friends, I have been induced to announce myself a candidate for the office of Justice of the Peace for said district. I am quite sure all or most of you have met me either socially or in business transaction, which is sufficient for you to judge of my ability to serve you if elected. Therefore, I most earnestly solicit your support. Yours very truly,
H. F. DAVIS.

NOTICE TO VOTERS.

To the Voters of Magisterial District No. 2:

I am a candidate for the office of Justice of the Peace for Elliottville precinct. I desire the support of each and all of the citizens of said precinct. I have been solicited by many of my neighbors and friends to make this race, and, if elected, I will serve them to the best of my ability. I am thirty years old and have never before asked any of my friends to vote for me for any office, and hope that I am not asking too much of them in asking their support at this time. Hoping you will give me a just and fair consideration, I remain, yours respectfully,
JOSEPH LOVELLY.

FOR REPRESENTATIVE.

I am a candidate for Representative of the counties of Breathitt, Magoffin and Lee, subject to the Democratic convention, or what action they may take. I am a Democrat of the old school, served four years in the Confederate army, have voted the straight Democratic ticket for 47 years, stood by all the nominees of the party, so I feel at liberty and believe that I have the right to ask the party to send me to the Legislature, where I can continue to do the party good, as I have always been loyal to the party, also all of my relatives before me. So I hope the people will consider my right to call upon them and the one in interest in which I pledge myself to look after.
J. P. MENCY.

COPE BRANCH.

Born, to the wife of John Young, last Wednesday night, a boy.

S. J. Crawford was here last Monday looking after some cattle and sheep, but did not buy any.

Wm. Robinson and wife, of Garrard county, are visiting your correspondent at Eversole this week.

There will be preaching at the Christian church on Meadow Creek next Sunday by Rev. Ball, of Lee county.

Work on the Steele train road up Lynns creek is progressing nicely. They have the road graded from the river to Elijah Strong's, a distance of one-half mile. There are about 130 men employed on the road.

We believe the teachers of Breathitt county are doing better work this fall than ever before. As the per capita increases the teachers must be more earnest in their work or they will soon be dropped from the roll of teachers.

William Taylor and William Gibson, both of Meadow Creek, are building two large tobacco barns. They have a fine crop of tobacco and will send the people of Owsley that tobacco will grow just as good in the mountains as it does in the blue grass.

THE OBSERVING ROBIN.

How Does the Bird Know Just Where to Bore For Grubs?

I once observed a robin boring for grubs in a country dooryard. It is a common enough sight to witness one seize an antworm and drag it from its burrow in the turf, but I am not sure that I ever before saw one drill for grubs and bring the big white morsel to the surface. The robin I am speaking of had a nest of young in a maple near by and was working the neighborhood very industriously for food. She would run along over the short grass after the manner of robins, stopping every few feet, flip, flip, flip and erect. Now and then she would suddenly bend her head down to the ground and bring up or drag out a morsel to her nest. When she was so occupied she would spring to her feet and vigorously with her bill dig up the earth at each spot where she had watched the grub. She would then go deeper and deeper until she had reached the grub. She would then bring it up to the surface and eat it. She would then go deeper and deeper until she had reached the grub. She would then bring it up to the surface and eat it.

"CUT IT OUT"

says the doctor to many of his lady patients, because he doesn't know of any medicinal treatment that will positively cure womb or ovarian troubles, except the surgeon's knife. That such a medicine exists, however, has been proved by the wonderful cures performed on diseased women, in thousands of cases, by

GAVE UP SUPPORTER.

"I was a supporter for four years, to keep up my womb, which had crowded everything down before it," writes Mrs. S. J. Chapman, of Manassas, Va. "My doctor told me no medicine would help me. I suffered untold misery and could hardly walk. After taking two bottles of Cardui I have my supporter. Now I am taking my fifth bottle, have no bad feelings as formerly, and can be on my feet half a day at a time. I strongly recommend Cardui to every suffering woman."

Fair Catalogue Issued.

The catalogue for the big Kentucky State Fair, to be held at Lexington September 18-23, was issued last Friday. It is the handsomest and most complete catalogue ever issued for any State Fair in the country. Its geographical appearance is unequalled and its arrangement is of such kind as to insure the easiest and most convenient access and to enable the securing of the information desired with the least possible trouble.

A feature in the fair will be the magnificent Duss Band of forty odd pieces, probably conceded to be the greatest band in America today. The Will S. Heck World's Fair Pike Co. will offer the novelty amusement features connected with the fair. They will include a Wild West show and a splendid animal show among other attractions. Reduced rates of one fare plus 25 cents for the round trip have been secured on all railroads from all points in Kentucky. There is every prospect of a record breaking attendance, and there seems good reason to believe that this year's fair will be such a success as to insure its permanence along larger lines than heretofore.
